PROJECTS

anime website | July 2023 - April 2024

- The Anime Streaming Website is a platform dedicated to providing anime enthusiasts with a comprehensive library of anime shows and movies. The platform allows users to stream anime content in high quality, browse through various genres, track their watch history, and engage with a community of anime fans. The website will focus on delivering a seamless user experience with fast streaming speeds, advanced search functionalities, and personalized recommendations.

android vpn | February 2023 - May 2023

- The Android VPN (Virtual Private Network) Application is designed to provide secure internet browsing and data protection for Android users by encrypting their internet traffic and masking their IP addresses. The app will offer enhanced privacy, bypass geographical restrictions, and protect users from potential threats on unsecured networks. With an intuitive user interface, the app will be easy to use while maintaining robust security protocols.
